

## MEYLE-ORIGINAL hydraulic pumps now with matching oil!

**MEYLE-KITS: better solutions for you!**

**MEYLE-KITS save time and money and make the daily workshop life more efficient.**

Hydraulic pumps are safety critical parts. Because: A defective steering system can lead to serious damage or accidents. When replacing a hydraulic pump, the system must always be flushed as well and thus the hydraulic oil renewed. To ensure that the right oil is immediately available when refilling, the MEYLE hydraulic pump kit comes with the correct oil directly. Long searches for the correct oil are a matter of the past - because the correct oil is included directly in the MEYLE-KIT. To make things run even more smoothly, we dispense with the old parts storage procedure and

include detailed instructions for the entire venting and flushing process with every hydraulic pump.
